

Education

University of California, Irvine

SEPTEMBER 2022 – JUNE 2026 | IRVINE, CA

B.S. Informatics, Specialization in Human-Computer Interaction. Coursework: UX Design, Information Visualization, Web Development, Software Testing, IoT & Interactive Devices.

Experience

Frontend & UI/UX Lead, ICOI Membership Portal (Senior Capstone, Client Project)

JANUARY 2026 – JUNE 2026 | IRVINE, CA

[1] Implemented the production frontend in React and Tailwind CSS deployed on Vercel: admin dashboard, application review workflow, member and family records, QR check-in verification, and automated activity logging for 500+ member records. [2] Translated 17 pages of organizational bylaws into a computed membership status model surfaced across every screen, replacing hand-entered status fields with derived state. [3] Built the Figma design system and component library backing the implementation, with full flow documentation for developer handoff. [4] Shipped in 2-week agile sprints with a 5-person cross-functional team (Spring Boot/PostgreSQL backend); presented at the UCI ICS Project Expo 2026 with full codebase handoff.

Operations & Marketing Coordinator, Prime Academy Irvine

AUGUST 2025 – PRESENT | IRVINE, CA

[1] Built standardized bilingual (KR/EN) communication workflows for 40+ families with templated rules and documented exceptions; automated SAT vocabulary quiz generation with Google Apps Script. [2] Design marketing collateral and run digital signage on Raspberry Pi displays via the Yodeck CMS; manage the Wix site.

UI Designer, 99DIVINE

DECEMBER 2024 – PRESENT | FREELANCE, REMOTE

[1] Design e-commerce UI for an esports brand in Figma: wireframes, reusable component specs, and interaction flows for a 20+ item catalog.

UX Design Intern, Rom America Inc.

JULY 2024 – SEPTEMBER 2024 | KOREAN FOOD PRODUCTS COMPANY

[1] Redesigned B2B e-commerce platform pages on Shopify serving wholesale distributors, improving information architecture, responsive layouts, and conversion paths with feedback from sales and operations. [2] Collaborated with cross-functional stakeholders in Korean and English within a Korean-American food business.

Projects

Portfolio · ivyjiyoulee.com

2026

[1] Built in React, Vite, Tailwind CSS, and Framer Motion; optimized performance with route-level code splitting, lazy loading, IntersectionObserver media preloading, and a WebP image pipeline, with prefers-reduced-motion accessibility throughout.

RoomieTask · UX Research & Design

SPRING 2026

[1] Designed a shared task-coordination app through a full HCI process: surveys, user interviews, affinity mapping (n=19), Figma prototyping, and 5 moderated usability tests.

LatteLearn · Project Manager & Design Lead

JANUARY 2025 – MAY 2025

[1] Led a 9-person team shipping a packaged Electron desktop app (React frontend, Python/Flask backend): pomodoro timer with per-subject time attribution and statistics, task management, custom themes, and an ambient audio layer; scoped features weekly to ship within one academic cycle.

Design-a-thon 2025 · UI/UX Designer, Design at UCI

JANUARY 2025 – APRIL 2025

[1] Designed the Judges, Prizes, and Meet the Team pages across web and mobile for SoCal's largest collegiate design hackathon (250+ participants), delivering developer-ready specs inside a hand-illustrated design system.

Leadership

President / Chapter Leader, LikeLion US – UC Irvine

SEPTEMBER 2022 – JUNE 2026 | IRVINE, CA

[1] Grew chapter to 30+ members per quarter, organized hackathons across 30+ partner schools, and led two project cohorts shipping production web applications. [2] Built the chapter's operational archive and leadership handover documentation system.

Secretary, Executive Board, UKAL (United Korean American Leaders)

SEPTEMBER 2022 – FEBRUARY 2024, SEPTEMBER 2025 – PRESENT

[1] Hosted student cultural events (50+ attendees) and joint inter-university retreats connecting multiple campuses. [2] Secured sponsorships from Korean F&B brands (Jinro, Won Soju, Sang Makgeolli) and ran brand activations with partners including Ottogi (200+ students reached) and iHerb, in a 20+ member organization.

Skills

FRONTEND DEVELOPMENT

React, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Vite, Framer Motion, Electron, REST APIs, Responsive Design, Accessibility (WCAG), Performance Optimization (code splitting, lazy loading, image optimization), Git/GitHub, Vercel, Google Apps Script.

UX, DESIGN & LANGUAGES

Figma (components, variants, auto-layout), Design Systems, Design Tokens, Wireframing, Prototyping, Usability Testing, User Research, Information Architecture, Developer Handoff, Illustrator, Photoshop. English (Native), Korean (Native), Chinese (Professional Working).

Awards

Stella Zhang New Venture Competition Finalist, 2023

LikeLion Hackathon Finalist, 2022, 2023, 2024
